PERSONAL PROFILE

Final-year Master's student in Computer Science (Data Science and AI) at the University of Sydney with industry experience across data analytics, automation, software development, and machine learning. Work across data and software: building ETL workflows, reconciling operational data, and delivering tested applications that run in production. Consistently turns ambiguous requirements into practical solutions with measurable outcomes. Available for full-time roles from November 2026.

WORK EXPERIENCE

DATA & AUTOMATION ANALYST | Automatorr | Sydney Nov 2025 – Present

- Build and maintain a Python ETL workflow that ingests, validates, transforms, and loads 500–2,000 invoices a month, replacing manual processing.
- Reconcile 300–400 invoice and payment records a month in Python, SQL, and Excel, surfacing 10–12 discrepancies along with revenue trends for the payments team to act on.
- Build recurring Python and Streamlit dashboards for 6+ internal teams, and contributed to a client-facing chatbot performance dashboard for Hockey Australia.

PYTHON DEVELOPER | Alphonic Network Solutions | India Aug 2024 – Jan 2025

- Developed and maintained 10+ Python scripts and backend modules for data processing and task automation across existing production systems.
- Replaced repeated manual data preparation with reusable, standardised processing functions, cutting manual effort by around 30%.
- Improved execution performance by 15–25% by refactoring undocumented legacy logic with targeted testing.

DATA ANALYTICS & VISUALISATION INTERN | Accenture | India Mar 2024 – May 2024

- Cleaned and validated monthly datasets of 5,000+ records, resolving data inconsistencies, missing values, and outliers before analysis.
- Ran exploratory data analysis in Python, Pandas, and Excel to surface trends and distribution patterns ahead of monthly reporting.
- Prepared and structured the data behind 4+ dashboards and reports delivered to 2–3 internal stakeholders on a monthly reporting cycle.

EDUCATION

MASTER'S DEGREE | Computer Science (Data Science and AI) | The University of Sydney 2025 – 2026

WAM: 77 (Distinction)

BACHELOR'S DEGREE | Computer Applications | Manipal University Jaipur 2021 – 2024

CGPA: 9.64 (High Distinction)

SKILLS

Programming Languages: Python, JavaScript, TypeScript, SQL, HTML, CSS
Software Engineering & Backend: React, Node.js, FastAPI, REST APIs, CI/CD (GitHub Actions), Automated Testing (pytest)
Data Science & AI/ML: Pandas, NumPy, scikit-learn, PyTorch, OpenCV, Computer Vision, LangChain, Statistical Analysis, Data Analysis, Data Visualisation
Databases, BI & Tools: PostgreSQL, MySQL, SQLite, Power BI, Excel (Power Query, Pivot Tables), Git, GitHub, VS Code

PROJECTS

Edith — WhatsApp Productivity Agent 2026

LLM agent that turns natural-language WhatsApp messages into tracked, prioritised tasks, with the LLM handling language only and deterministic Python owning all decision logic. Achieved 95.2% intent accuracy in a Groq evaluation run, maintained a 431-test pytest suite, and deployed the FastAPI service on Render with Neon PostgreSQL and a GitHub Actions CI/CD pipeline.

Tech: FastAPI, PostgreSQL, SQLAlchemy, Alembic, Groq LLM, pytest, GitHub Actions | [Repository](#)

AI Model for Rhinoplasty 2026

Reverse-engineered an undocumented, pre-trained Pix2Pix GAN from raw checkpoint weights and built a CPU-only inference pipeline, reaching ~1.7s inference at under 900MB peak memory with no GPU required.

Tech: PyTorch, OpenCV, Pillow, NumPy | [Repository](#)

AI Data Analyst Chatbot 2026

Streamlit chatbot for conversational analysis of CSV and Excel files, covering data profiling, missing-value and outlier detection, correlation analysis, and visualisation from plain-English questions.

Tech: Python, Streamlit, Pandas, NumPy, SciPy, Plotly, LangChain, Groq LLM | [Repository](#)

CERTIFICATIONS

AWS Academy Graduate — Cloud Architecting | Amazon Web Services | 2025
Data Science Professional | Oracle Cloud Infrastructure | 2025
DevOps Professional | Oracle Cloud Infrastructure | 2025
McKinsey Forward Program | McKinsey.org | 2025
DIAT Certified Artificial Intelligence Professional | Defence Institute of Advanced Technology (DRDO) | 2024

AWARDS & VOLUNTEERING

Dean's List | Manipal University Jaipur | 2022–2024
Best Project Award | Manipal University Jaipur | 2024
Event Operations Volunteer | City of Sydney | Sydney | Dec 2025
Event Volunteer | Vivid Sydney | Sydney | May–Jun 2025
